

Replies to Queries raised during Prebid Meeting on RM&U of Umiam - Umtru Stage – III Power Station (Tender for Package II - Rehabilitation of Hydromechanical and Civil Facilities) held on 24th June , 2024

Sl. No.	Queries raised by Bidder A	Replies by MePGCL
1	Bill No.1/Item No. 111 :The item mentions etc. but does not have any description,unit and quantity as provided for the preceding ten items.	There are only ten items in Bill No. 1 (Item Nos. 101 to 110) which have to be quoted by the bidders.
2	Bill No. 14/Item No. 1407 : Repair of roof of Power House does not specify the type of material/treatment to be used .	The materials and method of repair/treatment of the roof shall be as per Clause 6.2 (a) Normal Treatment provided in IS: 1346-1991 - Code of Practice for Waterproofing of Roofs with Bituminous Felts.
3	Bill No. 20/Item No.2005 : The supply of 15 HP submersible pump does not mention the length of iron chain for the pump.	The length of the iron chain shall be 25 (twenty five) metres.
4	Bill No. 22/Item No.2232 : Capacity of water heater (geyser) for the Guest House is not mentioned.	The capacity of the water heater (geyser) shall be 15 (fifteen) litres.
5	Bill No. 28/Item No.2802 : The item mentions drawing of 3-phase main line with wire length of 6 m for rewiring of extended security shed. The bidder wanted to know whether this includes supply/ provision of the wire.	Wherever the drawing of main/sub-main line is mentioned in any item, this includes supply of the materials by the contractor.

Sl. No.	Queries raised by Bidder B	Replies by MePGCL
1	The Performance Security Guarantee may be kept at 5% of the contract amount.	The Performance Security Guarantee is already kept at 5% of the contract amount in the Contract Data under the Particular Conditions of Contract.
2	The qualification criterion under Clause 2.4 (b) (2) may be modified to include experience in installation/repair of radial gate /vertical lift gate and not vertical lift gate only , since radial gate is more complicated to instal / repair than vertical lift gate.	The request is accepted . Addendum to the Bid Document to include radial gate will be issued in this regard as provided under ITB 8.
